

First National Investment Services Scores Top Twenty National Ranking for Bank Brokerage Firms Best Practices

HERMITAGE, PA – July 8, 2008 – First National Investment Services, LLC, a division of F. N. B. Wealth Management, has been named one of the top twenty bank brokerage firms nationally in effective development and success of its Financial Consultants. Bank Investment Consultant (BIC) ranked First National Investment Services sixteenth in its inaugural BIC Top 20 Program Managers competition. The rankings were determined from among bank brokerage firms of all sizes from across the country. The list measures the average annual gross commissions of Financial Consultants working under each program manager, and is considered a measure of the effectiveness of the overall culture and compensation strategies.

“For First National Investment Services to rank among BIC’s Top 20 is a real tribute to our program managers, Matt Ristvey and Tom Miles. They have successfully elevated our investment sales program to this level of recognition,” stated Kim Craig, President and Chief Executive Officer of F.N.B. Wealth Management. “It is also recognition of the cooperation and collaboration of our various business partners and, specifically, our retail banking executives who have embraced and worked diligently with our sales managers and Financial Consultants to develop an excellent partnership for our retail investment sales program.

“Ristvey and Miles have implemented effective compensation strategies and business model improvements which have encouraged our Financial Consultants to remain focused on improving the ‘customer experience,’ and expanding the many ways in which we may better serve evolving customer needs.”

Matthew M. Ristvey
